### **Saint Albert Students Take Magic Tree House Adventure**

Students from Saint Albert Primary will be treated to an adventure in a Magic Tree House when author Mary Pope Osborne makes a personal visit to the school (2912 9<sup>th</sup> Avenue) on Friday, Nov. 7, at 1:45 p.m.

Pope Osborne has written hundreds of books for the Magic Tree House series. The books take main characters, Jack and Annie, on adventures through time and around the world. From France in the Middle Ages to the prairies of America to the Moon, Jack and Annie make history fun by taking young readers right there!

Pope Osborne's newest addition to the Magic Tree House family is the Merlin Missions. In these books, Jack and Annie go on fantastical adventures with the help of their guide, Merlin the magician and a young magician named Teddy.

Pope Osborne's visit to Saint Albert is part of her tour with "Magic Tree House: The Musical." She will give a presentation and then conduct a question and answer series with the students.

Saint Albert Schools is the only Catholic grade school and K-12 system in the State of Iowa or Nebraska that is both state and regionally accredited. Committed to the teachings of the Catholic Church, the mission of Saint Albert Schools is to foster spiritual, moral, physical and intellectual growth for all students.
