Vocations Day at Saint Albert Catholic Schools

What's it like to be a priest or sister?

Sixth-grade students from Catholic schools throughout southwest Iowa will find out the answer to that question during Vocations Day on Friday, April 16, at Saint Albert, 400 Gleason Avenue.

The Vocations Day program begins at 9:40 a.m. with a keynote presentation from local priests and sisters. The speakers will discuss how they were called to their vocation and what life is like serving the Catholic community in this area.

After the keynote presentation (10:15 a.m. – noon), students will participate in small group discussions and other fun activities to learn first-hand the importance of vocations.

The day will conclude with a special mass for the students and guests.

Vocations Day is sponsored by the Diocese of Des Moines. It is part of the Religion curriculum at Saint Albert Intermediate School.

Saint Albert Schools is the only Catholic grade school and K-12 system in the State of Iowa or Nebraska that is both state and regionally accredited. Committed to the teachings of the Catholic Church, the mission of Saint Albert Schools is to foster spiritual, moral, physical and intellectual growth for all students.
